

Step Up to Staff Up

A new staffing plan for our hospital is now in effect.

But it's up to us to enforce it.

Scan here or go to **CWASafeStaffing.org** to report staffing on your unit.

All members -
regardless of
job title - are
encouraged
to use the
form at any
time!

You should file a complaint with your Clinical Staffing Committee if the staffing on your unit:

- ① Violates your hospital's staffing plans
- ② Is inadequate for safe patient care
- ③ Results in poor, unfair, or unsafe working conditions

Learn more and find your staffing plan at
www.CWASafeStaffing.org
